

WE CAN FLY

by Oliver Cox

All around the world, people far and near
Open up your hearts, and hear us loud and clear
No matter who you are or where you're from, it's clear
That this is a message for you all to hear

You can do anything, you just have to try
You know you can reach all the way up to the sky
'Cause there's no reason why we can't learn to fly tonight
And when it feels too hard keep aiming high
You don't have to fight it no you just have to try
And there's no reason why we can't learn to fly tonight
We can fly... tonight

And when times are tough, we have to overcome our fears
We all have our doubts, we need to make them disappear
No matter who you are or where you're from, it's clear
That this is a message for you all to hear

You can do anything, you just have to try
You know you can reach all the way up to the sky
'Cause there's no reason why we can't learn to fly tonight
And when it feels too hard keep aiming high
You don't have to fight it no you just have to try
And there's no reason why we can't learn to fly tonight

You can do anything, you just have to try
You can do anything, you just have to try
You can do anything, you just have to try
You can do anything, you just have to try

You can do anything, you just have to try
You know you can reach all the way up to the sky
'Cause there's no reason why we can't learn to fly tonight
And when it feels too hard keep aiming high
You don't have to fight it no you just have to try
And there's no reason why we can't learn to fly tonight
We can fly... tonight
